5. 1-Paragraph Biography [800 character max]

Brief Biography

Mr. Phillip E. Guffey CPP. CHS-V (Board Certified Protection Professional), has accomplished 36 years of law enforcement and security management experience with strong business, leadership, and organizational skills. Specializing in organizational management, counterterrorism, emergency management, tactical management, operations and command (TOC), continuity of operations, policy development, and strategic planning.

Mr. Guffey is a respected Criminologist and earned his Master of Science Degree in Criminal Justice, focusing his studies on the rationalizations of human behavior, and is an educator and public speaker. Specializing in topics/ curriculum of advance planning management -with emphasis on the four phases of emergency, lifecycle & business cycle management which include Mitigation-emphasis on prevention, Preparedness-emphasis on planning, Response-emphasis on action, Recovery-emphasis on business and lifecycle continuation.

In addition, his academic life study has been focused on the question of "why" rooted in the analysis of human behavior brought about through an action research project "*why do employees commit theft from their employer?*" As a result of that project, Mr. Guffey developed a series of seminar[s] for public and private education.

Mr. Guffey is a Law enforcement (Retired) police officer. Law Enforcement Training Board Certified Instructor (LETB Cetification 92-186), and a Certified Police Field Training Officer (FTO)-University of Indianapolis.

Mr. Guffey was Honorably discharged from the U.S. Armed Forces- Army Security Agency with a top secret sensitive information security clearance (TSSI)(ASA), Army Security Agency Group. He was Honorably discharged from U. S. Army Reserves as a Combat Medic.

Mr. Guffey was Security Director for Bush Stadium:(Professional Baseball Stadium)(1985-1989) during 4 consecutive championship year series, Indianapolis Indiana. During his tenure as security Director he was responsible for all security management responsibilities, to include public safety, and mitigation and response strategy of injured players and fans.

He is a Lifetime member of the American College of Forensic Examiners Institute(ACFEI), with a (CHS- V) Certified Homeland Security level V designation. From 2004-2005 he was selected and served as the ACFEI Board Certified Homeland Security -Preparation & Response Team- Indiana State Coordinator.

He is a member of the American Society for Industrial Security (ASIS). He was selected in 2004 to be on the Certified Protection Professional Item Development Group (CPP-IDG) who develop the international test questions for the Certified Protection Professional (CPP) Exam. He is a past board member of ASIS Chapter 045 -Indianapolis Executive Board.

He is (currently)at Roche Diagnostics in the Corporate Security Department.
